Sir:

Applicants enclose a copy of the Corrected Filing Receipt that was received from the Patent and Trademark Office in connection with the above-referenced patent application. Applicants note that the Continuing Data is incorrect. Applicants enclose a highlighted copy of the first page of the Continuation Prosecution Application Amendment and Reply, listing the priority information, which was filed with the application papers. Please correct the Continuing Data to read as follows:

"This application is a continuation of United States Application 08/444,627, filed May 19, 1995, now abandoned, which is a divisional of United States Application 08/243,545 filed May 11, 1994, now allowed and issued as U.S. Patent No. 5,554,512, which is a continuation-in-part of United States Application 08/209,502 filed March 7, 1994, now abandoned."

In the title, please correct "HEMATOPHOIETIC" to read "HEMATOPOIETIC".

Applicants request that the corrections be made and a new Filing Receipt issued with the correct information.

Respectfully submitted,

James E. Klaniecki

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
